TERRITORIAL EXHIBITION.
It is specially requested that all farmers
having samples of last year's grain yield
should at once communicate with the under-
signed.
Agricultural societies generally are requested
to support forth every effort to procure the
best exhibits obtainable.
THE EXHIBITION
will open at Regina on Monday, the 26th of
July, and continue until the 30th of August,

It has been found that in consequence of
the railways carrying all their rolling stock
for movement of the E. St. Exhibitions in
Saskatchewan the above date is necessary in
order to secure cheap freight and passenger
rates.
By Order,
R. B. GORDON,
Secretary of Lieutenant Governor, Regina.

Interesting Lecture on Australia

According to announcements the Rev.
G. Moore delivered a very interesting
lecture on the far off land of Australia.
The church of St. Alban's, in which the
lecture was delivered, was filled to its
utmost capacity, by an appreciative audi-
ence. The chair was occupied by D. H.
Macdonald, Esq. M.P., who in a neat
speech, in which he referred to the
endeavors being made to draw the various
parts of the British Empire into closer
union by fast steamships and telegraph
lines, saying that at no distant date an
ocean telegraph cable would unite Canada
in direct communication with Australia,
introduced the speaker of the
evening, Rev. G. Moore, to the audience.

Rev. G. Moore began by giving a very
interesting and sometimes amusing
account of his voyage from England to
Australia, and the several incidents con-
nected therewith. Several places were
mentioned during the voyage, namely,
Gibraltar, Malta, Italy, and the Suez
Canal, of which he gave a short but
interesting description. Passing through
the Suez Canal, he saw and passed over
the place in the Red Sea where the
children of Israel passed over on their way
from Egypt to the Promised Land. The
desert they entered and the lofty peak of
Mount Sinai were seen in the distance.
The school of Ceylon, immortalized by
Ralph Waldo Emerson, was the next place
mentioned, in which the lecturer gave a humor-
ous account of the manner by which the
"tiger breezes that blow soft on Ceylon's
isle" were manufactured. Arriving at
Australia the lecturer gave a fine descrip-
tion of Sydney Harbour and the surround-
ing country. This was followed by an
exceedingly interesting delineation of the
country and its topography, its gigantic
trees and their peculiarities, everything in
the way of vegetation seemingly the
reverse of what we are accustomed to.
The leaves of the trees in that country
growing perpendicularly instead of hori-
zontally, these trees shedding their bark
instead of shedding their leaves, and many
other wonderful things. A brief descrip-
tion of the fauna of that far off land was
also given, by the recital of the various
peculiarities of the Kangaroo and other
animals of that strange land. The
gold fields, the products and general
business of that country vividly described
together with the manners and customs of
the people, all of which kept the vast
audience spell bound in listening to the
lecture. The rev. gentleman gave a
glowing peroration on the indefatigable
enterprise and energy of the Anglo-
Saxon race whose presence into any part of
the world is a sure sign of civilization and
progress coupled with tone liberty; a
people yet designed to rule the world and
to dictate to the nations of the earth.
While listening to the rev. gentleman's
brilliant description of the present and
future of our race we could not help
wishing that our race were actually inheriting
the blessings promised by Jehovah to His
chosen people, by filling the corners of the
earth and giving us the power to acquire
the wealth of this world to be used in the
advancement of His Kingdom.

At the close of the lecture the Hon. Mr.
Justice McGuire rose and in a neat and
appropriate speech expressed the satisfac-
tion of the meeting at the rich intellectual
treasure they had enjoyed by listening to the
Rev. Mr. Moore and closed by moving a
vote of thanks for the pleasant lecture
which was seconded by Mayor Davis.
This resolution was put to the meeting
by the chairman and carried unanimously.

Rev. Mr. Moore thanked the audience
for their appreciation of his efforts to
interest them and was glad to say that the
object of the meeting, namely to raise
funds for the purchase of a bell for St.
Alban's church, was fully accomplished,
the bell not only being secured, but a little
funds remaining over.

The meeting then separated well pleased
with the entertainment of the evening.

SUPREME COURT.

A special District Court was held on
Saturday last, which was presided over
by Mr. Justice McGuire, when the
following cases were disposed of.

The first on the docket was the
celebrated libel case of Mr. Stovel
of the Prince Albert Advocate against
Messrs. Maveety Jr. and Stuart Fraser,
two youngsters working in the
Saskatchewan Times office. The
cause that gave rise to this action was
that during the time of the civic elec-
tions these youngsters got out some
sort of a comic paper called *The Fool*,
in which appeared some doggerel
rhymes which Mr. Stovel thought
reflected on his character. Hence the
action. On the case being called on
Saturday the lawyer for the boys,
called for a jury, which was granted.

While the jury was being empaneled
the cases of Thomson vs. Jeffry and
Brewster vs. Jeffry were proceeded
with. It appears that this Jeffry is
some sort of a fugitive and vagabond
upon the earth who went about from
one place to another committing several
petty thefts and otherwise conducting
himself to the reverse of what honesty
requires. He pleaded guilty to both
charges and after a severe and well
deserved drubbing by Mr. Justice
McGuire, was sentenced to three
months imprisonment.

The libel case was then called and
the jury empaneled. Mr. Nolan,
advocate of Calgary, appeared for the
boys and Mr. J. McKay, Q.C., of this
town, for Mr. Stovel. The jury
returned a verdict of "Not Guilty,"
which closed the proceedings. Mr.
Stovel having to pay all costs.

RED DEER HILL.

John Stansfield has returned from your
town, where he has been getting out-
word for R. N. Bigger.

John Glaister has gone to Sanderson's
lumber camp and Ronald Macdonald is
working in Shannon's camp.

A considerable amount of firewood and
fencing material is being brought in from
the bush, also some building material.

The exceptionally mild weather has
been the means of saving feed for horses
and cattle, and there will be enough to
put all stock through the winter and some
to spare.

The recent sufferers from chicken pox
have recovered, and no new cases are re-
ported.

Subdued excitement prevails at the news
that a Dominion election is imminent
(more or less), and speculation is rife as to
whether Mr. Laurier will contest the
election in our constituency or not.

It has been rumored that a party will be
held at Alex. Stansfield's place soon.

Robert Hendrick has received notice
from Regina to call a meeting in the
new school district (Macintosh) to elect trust-
ees.

Mr. Gange received a blow from an axe
on the hand, inflicting a painful injury
but fortunately breaking no bones.

The recent thaw has made the roads
icy.

LINDSAY & WILLOUGHBY

Prayer meetings are being held weekly
through the Lindsay settlement. Last
Friday it was held at the house of our
friend, Mr. Jos. Corrigan.

A party of Red Deer Hill friends spent a
few happy hours with Mr. and Mrs. Craw-
ford one day last week.

The bush has not been neglected during
the winter months yet some are anxious lest
the snow should go too quickly as they
have not all their logs out yet. Evidently
there are to be building operations during
the summer.

There is but little grain to spare in this
neighborhood. A number are looking out
for seed for the approaching spring.

There seems to be no seed wheat to spare
in this neighborhood.

A number of the Willoughby farmers
were fortunate enough to keep their wheat
until it reached the 60c mark.
